

Comment about late submission on Evidence of English Proficiency:

I have attended TOEFL test about 2 years ago, in 2021/11/06. The score is still useful. But I think it's can't prove my current English proficiency anymore. Thus, I decide to attend one held in the end of June. I've also ordered the free score recipients on ETS TOEFL and attach the screenshot below for reference. But I'm not sure if it can send to the right place. If you have any suggestion, please contact me via my mail: b07502075@ntu.edu.tw
