

Notice of unacquired TOEFL iBT Scores

(for AY2023 Entrance Examinations)

Name	周 佑綸/ CHOU Yulun
Application Receipt Number	10037
TOEFL Test Date (same date as given in the application form)	2023/6/26
Appointment Number (same number as given in the application form)	1234123412341234 (this is not the true number since I haven't enrolled the exam)
Reasons why scores have not been acquired yet (Attach a proof if it was not the applicant's fault. E.g., if the TOEFL iBT office was delayed in issuing your score, attach a copy of an email from them explaining the situation.)	I have attended the test about 2 years ago, in 2021/11/06. The score is still useful. But I think it's can't prove my current English proficiency anymore, I decide to attend one held in the end of June. Then, I knew from the document that said the score need to be hand in before 7/11, and the score report can be sent in 2 weeks after the test date. If the score can't send before 7/11, I'll send the older one. Sorry if there's any inconvenience caused.
